FACULTY OF INFORMATION AND COMMUNICATION TECHNOLOGY

DEPARTMENT OF INFORMATICS

TO WHOM IT MAY CONCERN

Dear Sir/Madam,

RE: Work Integrated Learning/Industrial exposure

Tshwane University of Technology do uplift the students' standards and skills by means of Industry Exposure in their final academic year of study. This effort is intended to give students an opportunity to be exposed to real work situations and environment. During this period the students have to do a practical project that will add value to the organization in which they are placed. A TUT staff together with the organization evaluate the project.

Students require further training to enhance and sharpen their expertise and knowledge learnt in class. It is with pleasure to note that your involvement with their training would give them a chance to achieve this objective and to add value to your organization. The risks associated with hiring new staff are minimized when employing a person whom is not only known but also tried and proven. Personal development and motivation are enhanced, leading to improved academic performance.

Our coupled efforts will provide access to staff and facilities of a large education institution, and enables employers to become actively involved in the education process. Remuneration arrangements are entirely between the student and the organization. References of organizations that are part of our Industry Exposure Program are available on request.

Student Surname and Initials: Aphane J.P.

Student ID / Passport Number: 9501125068088

Student Number: 215700801

National Diploma: Information Communication Technology-Business Applications
